How are irrigators in other countries coping with today's challenges?

Coffee morning with Martin Pasman

Wednesday 14 April 2021 from 10:30 to 11:30

This event is FREE for UKIA members

Non-members welcome: there is a fee of £25 but why not join us and register for this and other events FREE

Martín is an agricultural engineer, a farmer, and is President of Valmont Industries in Argentina. He has farmed over 50,000 ac of family farmland, has 30 years experience in the irrigation industry and has participated in several land transformation initiatives in one of the world's leading agricultural regions, including Argentina, Brazil and Uruguay.

How does Martin see the future of irrigation from his base in Argentina?
